RE: Redmond Clay and Salt Company, Redmond Clay and Salt Mines, M/039/002, Sanpete County, Utah, Business Standing of Redmond Development Company, Inc.

The Redmond Clay and Salt Company had previously informed the Division that portions of the mining properties had been leased to the Redmond Development Company, Inc. as part of the proposed post mining land use.

On June 5, 1991, I placed a call to the Department of Business Regulation (801) 530-4849, regarding the business standing of the Redmond Development Company, Inc. I was informed that this company was a company in "good standing". Essentially this means that the Redmond Development Company, Inc. has (1) paid the corporate franchise tax, and (2) filed a corporate annual report.
